

OKLAHOMA GOVERNOR ISSUES ULTIMATUM

DOUBT REMOVED AS TO HIS INTENTION PREVENT ASSEMBLY

Adjutant General Given Instructions to Prevent Session Oklahoma Lower House—Citizen Soldiers Ordered to Hold Selves in Readiness—More Drastic Moves Expected

(By the Associated Press)
OKLAHOMA CITY, Sept. 24.—Adjutant General B. H. Markham tonight was ordered by Governor J. C. Walton to "use all force of arms necessary" to prevent the session of the lower house of the Oklahoma legislature called for noon Wednesday.

All citizen soldiers of the state between the ages of 21 and 45 were directed in the order to hold themselves in readiness "with such arms as they possess, or can obtain, to come to the assistance of the sovereign state of Oklahoma when ordered to do so by the governor."

With issuance of the military order all doubt was removed as to the executive's determination to prevent the house session, which has been called by his legislative opponents to consider his impeachment.

The adjutant general was ordered to use all military forces of the state if necessary to disperse the assembly.

DISARMAMENT MEET JOLTED BY UNGLE SAM

Gets U. S. Opinion on Control of Arms Traffic

(By the Associated Press)
GENEVA, Sept. 24.—"Negative" and "melancholic" were the words employed by delegates at the meeting of the league commission on disarmament today in referring to a recent communication from the United States government explaining the reasons why it cannot adhere to the convention for the control of traffic in arms.

The convention, known as the treaty of St. Germain, has been ratified by many countries and the league asked the United States whether it could also subscribe. When the question was raised today, Lord Robert Cecil remarked that the commission had received a letter from the United States government, which he was sorry to say was negative in character.

Christian Lange, of Norway, characterized the American answer as melancholic. The United States, he said, had explained the reasons for non-adherence, but had given no indication of what it would like done on the question of traffic in arms.

The commission adopted a resolution that the temporary mixed commission on armament prepare the draft of a new convention to replace that of St. Germain and that the United States be invited to appoint representatives to cooperate with the commission.

Illinois Credit Men In Annual Assembly

(By the Associated Press)
BLOOMINGTON, Ill., Sept. 24.—Mutual problems that meet credit men of Central Illinois cities were discussed this afternoon at the annual convention of the Illinois Credit Men's association here. Eighty eight per cent of the larger cities of the state are represented.

At the session tomorrow, a district organization of retail credit men is expected to be formed and officers elected. Round table discussions will continue tomorrow. Around H. F. Sehmer, secretary of the Peoria Merchants' association, centered the real activity of the day. He had been chosen quiz chairman, and the many

questions the delegates came here to solve, were fired at him.

M. R. Livingstone, president of the Bloomington association of commerce welcomed the delegates today and the response was given by David J. Woodlock of St. Louis, secretary-treasurer of the retail credit men's association. Other speakers were E. W. Moeller, Bloomington; Francis H. Tisler, St. Louis; E. B. Heller, East St. Louis; Anton Schager, Joliet; George I. Smith, Kankakee; A. J. Kruz, St. Louis; and J. H. Hudson, secretary of the Bloomington association of commerce.

Delegates made a tour of the city late this afternoon and tonight were entertained at a banquet.

GERMANY HAS CAPITULATED IN THE RUHR

Passive Resistance is Ordered Abandoned Immediately

(By the Associated Press)
BERLIN, Sept. 24.—Chancellor Stresemann announced tonight that the government had decided to abandon passive resistance immediately and unconditionally.

In this statement the chancellor announced that the government had decided to abandon the policy of passive resistance in the Ruhr and Rhineland and has ordered resumption of activities in all lines at once. The government's decision is not made conditional on the previous return of deportees or the release of imprisoned nationals these and other disputed points being left to subsequent negotiations with the occupying powers.

The chancellor urged the employers to resume operations at their plants and mines immediately and to advocate uniformity so as to avoid independent action which might be detrimental to the restoration of economic normalcy in the Ruhr and Rhineland.

Details Missing.
No announcement was forthcoming tonight regarding the method which the Stresemann government will employ to apprise the occupying forces of its decision to call off passive resistance without having obtained the concessions which it had designated as indispensable conditions in previous utterances. The chancellor may confine himself to a brief declaration in the reichstag, which would also be considered as notification to the outside world that the government had reached its decision despite failure to secure in advance any concession from France or Belgium by virtually making an unconditional surrender.

There was a rumor in diplomatic circles tonight that a third power had offered the government its good offices in the direction of vouchsafing formal adjustments of the Ruhr conflict which would not impose humiliating conditions in the nature of a signed capitulation, or formal admission of responsibility for its policy of passive resistance.

Whether the chancellor definitely informed the participants in today's conference that the government would unconditionally call off passive resistance could not be established and the first indication of its resolve came late this evening when the Berlin newspapers were given a cautiously worded communique in which the significant decision would be buried in a cursory report of today's discussions with the representatives of the Ruhr and Rhineland.

Citizen Soldiers.
"All male citizens of the state" between the ages named are meant in his order to citizen soldiers to be ready for duty, Governor Walton explained.

The governor denied he intended taking action in the federal court to determine the legal status of the proposed meeting.

He likewise denied that he had sought federal aid in his war on the Ku Klux Klan.

"Whenever the governor steps in the issue is there," the executive asserted. "I would like for them to take over this fight, because it's absolutely on my hands but until they do the state of Oklahoma is fully capable of looking after it."

Opposition Silent.
Representative W. D. McBee, leader of the movement to convene the house, refused tonight to issue a statement in regard to the governor's drastic military order.

"Legislative headquarters is maintaining ominous silence," he said.

"Within twenty-four or thirty-six hours all the house members in favor of the session will be in Oklahoma City and then action will be taken," said McBee.

Pressed for an indication as to what the legislators intended to do Wednesday in the face of the executive's orders to the military to prevent their convening, McBee was evasive.

NOTED MISSOURIAN DIES AT GREAT AGE

(By the Associated Press)
ST. LOUIS, Sept. 24.—Chauncey Ives Filley, mayor of St. Louis during the Civil War, later postmaster and prominent in Republican political life in Missouri for more than thirty years, died at his home there this afternoon. He was 93 years old.

Filley was delegate-at-large to the Republican National convention which nominated Abraham Lincoln for president in 1864, and was a presidential elector to the Grant ticket in 1868. After that he was a delegate to every Republican national convention up to and including that of 1896 when William McKinley was nominated.

He served as a member of the Republican national committee from 1876 to 1892, and enjoyed a large acquaintance in national politics.

WORK OF AMERICAN RED CROSS IS OUTLINED IN CONVENTION

(By the Associated Press)
WASHINGTON, Sept. 24.—America's open handed sympathy in Japan's sorest need will forever drive from the Japanese mind all thoughts of "American aggressiveness in the far east," Ambassador Hanihara said here tonight in an address before the opening session of the American Red Cross annual convention.

He spoke from the same platform where President Coolidge, head of the society, a few hours before had extolled the work of the organization as one of practical idealism, "helpful, reassuring" and "revealing the fundamental strength of civilization."

"It will henceforth be difficult indeed," said the Japanese ambassador "for professional jingoes to terrorize an ignorant public opinion to the point where it will countenance policies of military aggrandizement, on the ground of preparedness against fancied American threats. The natural reaction of a Japanese to mention of America will be a thrill of gratitude and warm friendliness."

It is absolutely impossible for me to express to you, so that you will fully understand the depth of my feeling in facing you, the

RACE OF BALLOONS ENDS IN DISASTER AND LOSS OF LIFE

Six Balloons Destroyed and Five Persons Have Perished

(By the Associated Press)
BRUSSELS, Sept. 24.—The international balloon race for the Gordon Bennett cup developed into an international disaster. Already five men have lost their lives, one is believed to be fatally injured and no fewer than six balloons were destroyed or badly damaged.

Lieutenants Olmsted and Shoplaw of the Army S-6 are among those who perished, but the United States navy A-669 made a safe landing at Putten, Holland.

Some of the contestants have not been heard from; they may have escaped the fury of the storm, or met the same fate as the British balloon Margaret the latest to be reported which fell into the sea off Denmark. The casualty lists are as follows:

Balloons Burn.
United States Army S-6, struck by lightning and burned; Lieutenants Olmsted and Shoplaw killed.

The Spanish balloon, Polar caught fire from a lightning bolt and fell near Heyst-Goor; pilot Barca killed and his assistant, Gomez Guillamen badly injured.

The Geneva, Swiss, struck by lightning near Peverloo and burned in mid-air. Her pilots, Von Gruening and Wehren killed.

Ville De Bruxelles, Belgian, damaged before the start and withdrawn.

Falls Into Sea.
Margaret, British fell into the sea near Skagen, Denmark, pilots Allen and Berry saved.

Saint Louis, American, burst before start.

So far as reported late tonight the following balloons had made safe landings:

Lieutenants Lawrence and Reichelderfer, landed at Putten, Holland.

Fernandez Duro, Spain at Scherck, Holland.

Banshee III, British, at Eersel, Holland.

Zurich, Swiss, at Eersel, Holland.

Savoy, French, at Turnhout, Belgium.

TRIBUTE PAID PRESS' POWER BY PRESIDENT

Response to Letter Written by Director of A. B. Assn.

(By the Associated Press)
CHICAGO, Sept. 24.—A striking tribute to the power of the press and a solemn reminder of its high responsibility, are given by President Coolidge in a letter to Stanley Clague, managing director of the Audit Bureau of Circulations, made public today.

The letter is in reply to an invitation to attend the dinner of the tenth annual convention of the Audit Bureau at Chicago on Wednesday, October 17, when leading newspaper and magazine publishers, editors, and advertisers of the United States and Canada will be present. David Lloyd George, former prime minister of Great Britain, will attend the banquet and deliver an address.

The president, after expressing regret that a decision to accept no public speaking engagements this year prevented his attending, says:

President's Reply
"It is perfectly apparent that you will have a magnificent audience and that it will undoubtedly be an historic occasion. Whatever has to do with the collection and transmission of information to the public is of the highest importance. It is gratifying to know that this great service to America is in the hands of men of ability and patriotism. There is a universal desire to serve the public in this capacity not only interestingly but candidly and helpfully. The fundamental institutions of our government scarcely ever fail to receive cordial support. The moral standards of society are strengthened and the intellectual vigor of the nation is increased and quickened by your constant efforts."

Important Factor.
"The press is also an important factor in the commercial and industrial development of our country. It carries an amount of scientific information which stimulates both the production and consumption of all kinds of commodities. This service is always on the constructive side of affairs, encouraging men to think better, to do better and to live better. Reaching thru it all, there is every assurance that today is better than yesterday, that tomorrow will be better than today and that faith is justified."

REQUISITION ASKED FOR A BAIL-JUMPER

(By the Associated Press)
CEDAR RAPIDS, Iowa, Sept. 24.—Acting Governor John Hamill will be asked by the county attorney here to issue a requisition on the governor of New Jersey for the return of Vincent Tereso under arrest at Lodi, for arson. Tereso is under indictment here for setting fire to an apartment house December 25, 1921. He jumped \$500 bail bond and was reported to have collected \$13,000 insurance. He had only about \$300 actual cash invested in the building and bought materials on credit it is charged.

EPWORTH LEAGUE CABINET MEETS

The Epworth League Cabinet of Grace M. E. church held a meeting last night at the church for the purpose of completing arrangements for the annual reception to be held Thursday evening. The committees in charge of the arrangements include representatives from the high school and the colleges and their reports indicated that everything is in readiness for the event.

GOVERNMENT SELLS GORGAS PLANT TO ALABAMA COMPANY

Is Portion of Muscle Shoals Property for Which Henry Ford Had Been in Market—Will Mean Revised Bid if He Still Wishes Remainder—Political Significance Seen

(By the Associated Press)
WASHINGTON, Sept. 24.—Henry Ford's much coveted offer to buy Muscle Shoals was wholly upset today when the government sold to the Alabama Power company, the Gorgas Steam Plant, a part of the property, for approximately \$3,500,000.

This development forces a revised offer from Mr. Ford if he wishes to bid for the remainder of the project. He previously had informed congress that unless the Gorgas plant were included in the sale his bid did not hold.

Political observers who have professed to see some connection between Mr. Ford's offer for Muscle Shoals and the presidential boom which bears the manufacturer's name, predicted today that the next development would be reverberations in the coming session of congress, which possibly might develop into something bearing a relation to the coming pre-convention campaign.

Some time ago, the war department notified Mr. Ford that the department of justice and the judge advocate general of the army had held valid its contract with the power company which required the government to either move the plant from the power company's land or sell it to the company. Today was the last under several extensions of time, in which the government could make a decision. Ford's engineers in Detroit wired the war department a request for another extension which the power company declined to grant and Secretary Weeks decided that under the circumstances it was more advantageous to the government to sell than move.

The Price Paid.
The actual price paid was \$3,472,487.25, a sum agreed on in appraisals by the ordinance division of the war department and experts of the federal power commission. The war-time construction cost \$4,750,000.

Secretary Weeks found that if the government were to remove the plant it would realize only the junk value, and that meanwhile there would be economic loss and injury to industries using power in Alabama and other southern states, whereas a sale to the company meant the government would receive almost the original cost.

When Mr. Ford was summoned to Washington some time ago and informed of the contract with the power company, Secretary Weeks left the way open for a revised bid to exclude the Gorgas plant, and Mr. Ford was given to understand the war department would credit him with the proceeds of the sale, and thus reduce his initial payment of \$5,000,000 to approximately \$1,500,000.

Some doubt was expressed at what view congress might take of the proposal to sell the remainder of the Muscle Shoals property for that sum, inasmuch as the junk value of the whole project had been estimated by army engineers to be \$18,000,000.

The power company deposited its payment in cash with the finance officers of the war department in New York this morning and Secretary Weeks signed the deed this afternoon, waiting until the last minute for a revised offer from Mr. Ford.

Safety For Miners Is Coolidge Plea

(By the Associated Press)
MILWAUKEE, Wis., Sept. 24.—Safety as the common meeting ground on which all who are engaged in mining can gather with the single purpose of saving life, was the text of a message from President Calvin Coolidge, read to the opening meeting of the annual convention of the American Mining Congress here tonight.

The president urged mine workers and mine operators and state and federal officers to work together to bring about safety in mining. He expressed himself as pleased by the magnitude attained by the mining industry in the United States and with the favorable place which American mining holds with reference to production of the rest of the world.

"The immensity of our mine resources necessarily imposes a duty in behalf of those who engage in the arduous work of extracting metals and minerals from the earth," the message read. "It should be our effort to lead in producing these with the minimum hazard to life. Mining is unavoidably an industry marked by numerous occupational hazards. We must not pay an unnecessarily high cost in life and limb for mine products."

In his message the president pointed out that the government has worked years to determine the causes of mine accidents and in solving problems of preventing them.

REVOLUTION IN BULGARIA HAS BECOME A FACT

Report Adds Whole Country is in Rebel Hands

(By the Associated Press)
LONDON, Sept. 24.—The revolution in Bulgaria has burst into full flame and the whole country is in the hands of rebels, according to a dispatch to the Morning Post from Belgrade dated today. The dispatch adds that Sofia is blockaded.

King Boris has offered to resign but his offer has not been accepted.

The insurgents are said to have destroyed all means of communication and the government has lost connection with the provinces. The situation of the capital is critical. It is blockaded both in a military and economic sense, is short of provisions and is threatened with attack.

MRS. TEEFEY HEARS OF SISTER'S DEATH

Mrs. Alice Teefey received a message Sunday evening telling her of the death of her only sister Mrs. Mary Luther, of New Orleans, La., who passed away following an operation for appendicitis. Mrs. Luther visited in Jacksonville several times during the past few years and will be remembered by a number of people who will be sorry to learn of her sudden death. She is survived by one son, four brothers and her sister Mrs. Teefey.

**AN ADVERTISING
FAMINE**

In New York City the big
dailies, as the result of a press-
men's strike, were forced for sev-
eral days to combine in the pub-
lication of one small paper. It
contained the most essential
news, but practically no advertis-
ing. And what was the result?
Business men became alarmed,
declaring that if the situation
continued, every branch of in-
dustry would be very seriously af-
fected, and there would soon be an epi-
demic of unemployment.
The stores found great and in-
creasing difficulty in disposing of
their goods. Even regular pat-
rons, it developed, had become
accustomed to depending on the
daily announcements in the pa-
pers. Stores given largely to
special sales were hit the hardest.
They tried to carry on by flood-
ing the city with handbills, but
found that that kind of advertis-
ing had very little pulling power.
Wall Street found that it could
not do business as usual without
financial advertising.
Consumers, no less than pro-

ducers and distributors, felt the
handicap and suffered from the
absence of the customary ads.
Advertising, they insisted, is
news, and they wanted it.
The conclusion reached by the
head of one of the big depart-
ment stores seems inescapable:
"Newspaper advertising is not
only necessary, but is the most
valuable advertising in the world."

**UNLUCKY
MONEY**

Of casual interest is the pro-
posal of the federal government
to do away with the two-dollar
bill. It may surprise some peo-
ple to learn that there is still such
a bill in circulation. Its rarity,
in itself, explains the proposed
action.

People do not like the two-
dollar bill, because they say it is
"unlucky." And it is, for a very
practical reason, not necessarily
connected with any superstition.
It is unlucky because its posses-
sors are always mistaking it for
a one-dollar bill and giving it
away as such.

This is the only country in the
world where a good banknote of
any denomination would be
abandoned for such a reason. No
other people are so careless, or
can afford to be so careless, with
their money. Even the abandon-
ment of the three-cent piece some
years ago for a similar reason—
because it was so often mistaken
for a dime or vice versa—could
not happen abroad. Over there,
the man giving or receiving the
money makes it his business to
know what it is. It is said that
the usual continental procedure
on taking a coin is to scrutinize
it, bite it and throw it on a mar-
ble slab to tell whether it rings
true.

**EXCHANGING
CRIMINALS**

The board of clemency of the
Ohio penitentiary, releasing 98
prisoners before the expiration
of their sentences, makes the re-
lease, in most of the cases, con-
ditional on their getting out of
the state and staying out.
A fine mess to dump onto sister
states! And many of the sis-
ters are doing exactly the same
thing. The states seem to be en-
gaged in a competitive exchange
of undesirables. Ohio may trade
her criminals for Pennsylvania's

or Indiana's, and Georgia may
trade hers for Tennessee's, and
California may trade hers for
Colorado's.

Nobody gains, of course. So-
ciety as a whole loses by having
exiled criminals at large, unre-
formed and unrepentant, preying
on honest people.

Not only is it foolish and
wasteful to set criminals free un-
less they have had a change of
heart, but human experience
shows that usually the proper
setting for a career of reform is
right at home, where the offend-
er's past is known, and where he
can best make amends for the
wrong he has done.

There would be sound sense as
well as mercy in pardoning pris-
oners on condition that they go
ahead and make good in the
same community where they com-
mitted their crimes. That is, pro-
vided the community itself would
give them a fair chance.

ware Water Gap, thence via New-
ark to Jersey City. They returned
by West Point and Storm King
Mountain, which is in itself a
wonderful sight, it having cost al-
most one million dollars to cut a
road through the mountain only
about a mile long.

They had a very pleasant trip
with good roads and no trouble
en route.

**WABASH WILL NOT
RESTORE TRAINS**

Official Does Not Believe Local
Passengers Would Pay Under
Present Conditions.

The Wabash railway officials
do not feel that they would be
justified in restoring the "job-
tail," a local passenger train
which formerly accommodated
passengers between this city and
points west, according to the let-
ter received from Wabash head-
quarters by the Chamber of Com-
merce. There has been a consid-
erable demand for the restoration
of this train, and Secretary
Welch of the Chamber of Com-
merce took the matter up with
the road officials. The following
letter explains the attitude of the
road:

Chamber of Commerce,
Jacksonville, Ill.
Gentlemen:

Your letter September 8th, with
reference to restoration of train
service on the Springfield division, did
not reach me until this morning on
account of having been away from
the office on an inspection trip for
the past two weeks. I make this ex-
planation so that you may under-
stand why I have not acknowledged
receipt of your letter more promptly.

It is our earnest desire to give
Jacksonville, as well as all other im-
portant points on our line, the very
best train service, and we have, dur-
ing the past six months, given the
question of restoration of the trains
referred to, very careful considera-
tion, and in our opinion, we would
not be justified in restoring these
trains. At present, we have three
passenger trains per day in each
direction over this division, and they
are barely making their operating
expenses. Before the two trains re-
ferred to were discontinued, when we
had four passenger trains per day
only one or two of them really just-
ified their operation.

When the service on this division
was established many years ago, con-
ditions were entirely different, and
the people had practically no other
way of getting around, and therefore
used this service, while today, prac-
tically everyone has an automobile.
The lines have been established, hard
roads have been constructed, and the
local passenger service is used only
by a few people. This has had the
effect of greatly reducing our revenue
and this, with the enormous increase
in operating expenses, makes it im-
possible for us to justify the opera-
tion of any additional local service
on this division. For this reason, we
would much prefer not to re-establish
these trains, and I trust this explana-
tion will be satisfactory.

Yours very truly,
H. E. WATTS.

**MAKE PLANS FOR
S. S. L. CAMPAIGN**

A pre-campaign luncheon was
held yesterday noon at the Pen-
cock Inn by directors of the So-
cial Service League. Rev. C. E.
Stickney presided and discussed
the plan of action. Dr. Grace
Dewey, chairman of the finance
committee, explained the salient
features of the campaign.
It is expected to raise the sum
of \$3,000 for the carrying on of
the work of the league during the
coming year. Dates for the
campaign were set as Sept. 30
to Oct. 6. The matter will be
brought before the churches of
the city and the details of the
work will be announced later.

DEATHS

Phillips.
Estelle Irene Phillips, infant
daughter of Mrs. Bessie Phillips,
died at the family home 719
East Lafayette avenue, at 2:45
o'clock yesterday afternoon. The
child was born August 31, 1923.
Funeral services will be held
from the residence at 2:30 o'clock
this afternoon.

Smith.
Miss Fannie Smith, who during
her entire life of seventy years
resided in this city, died at a lo-
cal hospital, 2:30 o'clock Monday
afternoon. The remains were re-
moved to the Carroll undertaking
parlors and prepared for burial.

Deceased is survived by two
sisters, Mrs. A. J. Johnson of
Chicago, one brother, John
Smith of Chicago, and one niece
Mrs. Carl Kelly of Chicago. Miss
Smith was a member of the
Church of Our Saviour. Funeral
arrangements will be announced
later.

Deatherage.

Fred L. Deatherage, a lifelong
resident of Morgan county, died
at 6:45 o'clock Sunday evening at
his home, 470 South East street.
He has been for a number of
years an employee of the Jack-
sonville State hospital.

Deceased was born in Waverly
August 25, 1885, the son of James
D. and Nancy Buck Deatherage.
He was married in St. Louis in
1911 to Miss Gertrude Hagen,
who survives him together with
one son, Mason A. Deatherage,
and one adopted daughter, Fern
Deatherage. His father, James D.
Deatherage also survives.

The remains were removed to
the Gillham Funeral Home and
prepared for burial, and later
taken to Waverly, where funeral
services will be held Wednesday.

Eddy

The death of Miss Mabel May
Eddy occurred at Our Saviour's
hospital Monday morning at 11
o'clock.

Deceased was the daughter of
John and Margaret Eddy of
Roodhouse and was born July
10th, 1890. She has resided in
the vicinity of Roodhouse dur-
ing her whole life. She is sur-
vived by two brothers, William
Eddy of Roodhouse, and Bert
Eddy of St. Louis, and also by two
sisters, Mrs. C. H. Wood of Rood-
house and Mrs. Mary Skinner of
St. Louis. Both of her parents
preceded her in death.

The remains were taken by
auto to Roodhouse Monday after-
noon, from where the funeral ser-
vices will be held, the time of
which has not been announced.

**FAMILY GATHERING
AT HOME NEAR CHAPIN**

Mr. and Mrs. William Perbix
of the Chapin neighborhood en-
tertained Sunday in honor of
Mrs. Perbix's uncle, Fred Masters,
of Kansas City, who is now vis-
iting Morgan county relatives.
Mr. Masters has been away from
Morgan county for more than 43
years and he is greatly enjoying
his visit. The morning hours
were spent wandering about the
neighborhood which was familiar
to Mr. Masters in the earlier
years of his life.

Dinner was served at noon and
it was one which left nothing to
be desired in the way of good
things to eat. The afternoon was
spent with music and conversa-
tion, and the whole day was one
which all present will long re-
member with pleasure.

Those present were W. T.
Saunderson and sons Vilouris and
Phinneas, Mr. and Mrs. Will Ed-
monson and children, Miss Mary
Etta Edmonson and Fred Edmon-
son, all of Waverly; Mr. and Mrs.
Frank Nash and son, Martin Gail,
Mr. and Mrs. Ford Saunderson,
Mr. and Mrs. William Perbix and
daughters, Irene Opal and
Blanche, all of Chapin.

BIRTHDAY DINNER IS GIVEN NEAR MERRITT

Henry Strubbe Surprised by Fifty
Relatives at Home Sunday—
Basket Dinner Served

A surprise on the occasion of his forty-fifth birthday was given Sunday at the home of Henry Strubbe at his home one mile west of Merritt. About 50 relatives of Mr. and Mrs. Strubbe assembled to spend the day, each family bringing a well-filled basket.

Physical
Health
means—
Beauty!

HEALTH and beauty go hand in hand. Where the system is run down—the face drawn and haggard—the body limp and lifeless—beauty is missing. Looks of pity supplant those that might have been gazes of admiration.

Restore your health and beauty will take care of itself. S. S. S.—the rich blood builder—rekindles the spark of health and lights the blaze of beauty by building red blood cells. The nerve power of your system finds life in these very blood cells. Build more red blood cells and your nerve power will increase. S. S. S. builds them. Rich blood will tingle through your system. That lost charm will return. Your entire system will be repaired. You will be ready to cope with the impurities and blemishes that handicap beauty.

As physical health means beauty so, too, does S. S. S. mean beauty. For S. S. S. means systems that are free from impurities—pimples, blackheads, acne, boils, eczema, rheumatism. S. S. S. and good health go hand in hand.

S. S. S. is made of pure vegetable ingredients. It is sold at all good drug stores. The large size bottle is more economical.

SSS Makes You Feel
Like Yourself Again

ket. A sumptuous dinner was served at noon, and the afternoon was spent socially. All present wished Mr. Strubbe many happy returns of the day.

Those who attended the birthday gathering included: Mr. and Mrs. Charles Kahler and sons, Adolf and William; Mr. and Mrs. Fred Tholen and family, Mr. and Mrs. Paul Vortman and family; Mrs. Frank Long and family of Litterberry; Mr. and Mrs. J. Q. Ryman; Louis Meyer and family of Meredosa; John Meyer and family of Arenzville; and Ed Meyer and family and William Meyer of this city.

All present were relatives of Mr. and Mrs. Strubbe and the gathering served as a family reunion, as well as a birthday surprise.

STOP THAT ACHE!

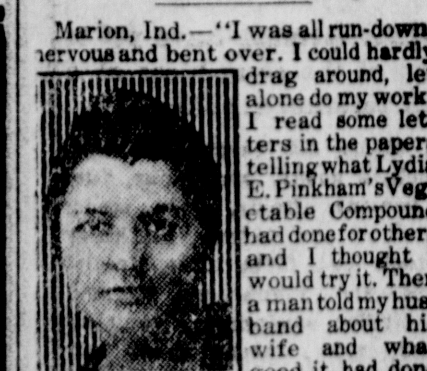

Don't worry and complain about a bad back. Get rid of that pain and lameness! Use Doan's Kidney Pills. Many Jacksonville people have used them and know how effective they are. Here's a Jacksonville case.

Mrs. B. M. Hussey, 534 S. East St., says: "I had a dull, dragging ache through the small of my back. I felt miserable and languid most of the time and my housework was burdensome. My kidneys acted irregularly and caused annoyance. I had dizzy spells, too. I heard Doan's Kidney Pills were good for this trouble so I got some at Shreve's Drug Store and began using them. It didn't take long for this fine old remedy to have me feeling better. I haven't used a kidney remedy for some time so my cure has been a lasting one."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hussey had. Foster-McIlburn Co., Mfrs., Buffalo, N. Y.

WOMAN SO ILL COULD NOT WORK

Gained Strength, Weight, and Now
Doing Own Work by Taking Lydia
E. Pinkham's Vegetable Compound

Marion, Ind.—"I was all run-down, nervous and bent over. I could hardly drag around, let alone do my work. I read some letters in the papers telling what Lydia E. Pinkham's Vegetable Compound had done for others and I thought I would try it. Then a man told my husband about his wife and what good it had done her and wanted him to have me try it. I took one bottle and could see what it did for me in a week's time, and when I had taken three bottles I had gained both in strength and weight and was doing my own work. I took it before my last baby was born and it helped me so much. I sure am glad to recommend the Vegetable Compound to any woman who suffers from female ailments, for I know by experience what it can do. I have used Lydia E. Pinkham's Sanative Wash, also the Liver Pills, too, and think them fine."—Mrs. Wm. Eldridge, 620 E. Grant Street, Marion, Indiana.

A record of nearly fifty years service should convince you of the merit of Lydia E. Pinkham's Compound.

WINCHESTER CLUB WOMEN MET MONDAY

Literature and Civics Department
in First Meeting of Year—
Other Winchester News

Winchester, Sept. 24.—The literature and civics department of the Woman's club held their first meeting of the club year Monday afternoon. One of the important events was the unveiling of a marker on the court house lawn on the spot where Abraham Lincoln once stood. The children of the fourth grade had the honor of unveiling the marker, the ceremony being a very impressive one. The singing of Illinois, by the children was one of the program features.

This department of the club deserves great credit for the work it has carried on in past weeks and months, the placing of the marker being only one of the worth while things accomplished. Miss Esther Caldwell of Sheldon is a guest at the home of Miss Catherine Bagshaw.

W. L. Bagshaw is improving after a recent illness. Quite a number of Winchester people attended the carnival in Jacksonville Monday evening.

Rev. O. W. Lough and family motored to Winchester Sunday from Chapin, and Rev. Mr. Lough occupied the pulpit at the Presbyterian church. He and his family expect to move to Winchester the coming week, and the manse will be ready for their occupancy at that time.

DR. RULE ADDRESSED I. C. STUDENTS

Dr. Andrew K. Rule gave his first address to the student body of W. Illinois college, yesterday morning in chapel, and was very favorably received.

The subject of his address was taken from the Book of Luke and was about the earnestness of Zaccheus. He told how Zaccheus clothed in the long, flowing robes of his time, ran thru the streets of the city on an exceedingly hot day, and climbed to the top of a tree in order to get a glance of Jesus as he passed by. Not only was it difficult for Zaccheus to run in his long robes, but he was braving the severe criticism of his friends and fellow citizens as well. Also it was very warm and most people had only energy enough to sleep. Dr. Rule stated that if the people and students of today would but follow the example of this earnest man there would be many less failures and many more great men. If people would make perseverance their motto and strive against odds the result could not be other than pleasing. Dr. Rule's address made a very lasting impression on the students.

KANSAS MAN VISITS MORGAN COUNTY RELATIVES

John H. Scott of Columbus, Kans., is in the city for a visit with relatives. Mr. Scott was a resident of this county 7 years ago and has been back only at rare intervals. He has been in this part of the country for the past three weeks and plans to spend about three weeks more visiting relatives and friends before returning to his home in Kansas.

Mr. Scott is an uncle of Ben T. Scott of this city and a great uncle of Mrs. Omer Melton of North Main street. He also has relatives in Roodhouse, Woodson and in various other localities in this section of the state.

Columbus, Kans., the home town of Mr. Scott, now has 4,000 inhabitants and is a flourishing town. Mr. Scott said yesterday that when he went to that locality he found nothing but prairie grass and wolves, and that he had to travel a distance of 50 miles to Ft. Scott for his groceries and the mail.

FARM BUREAU NOTES

Farm Help
The Federal Farm Bureau has asked the U. S. Department of the Interior to assist in getting railroads to offer a reduced rate for laborers from Southern Illinois, Indiana and Kentucky. This rate would be asked for only the next sixty days.

Reduction in Livestock Commission Rates
The cooperative commission firm organized at the National Stock Yards has filed a schedule of rates that is approximately a 20% reduction. The new sched-

ule if approved by the Packers and Stockyards Administration will become effective October 1. If such a reduction were applied to all livestock coming to St. Louis it would result in saving of approximately \$250,000 to the livestock producers of the St. Louis trade territory.

Some Improvement and Room for More
The following is taken from The Agricultural Situation, an official publication of the U. S. D. A.

Three years ago this fall the price of cotton plunged to bankruptcy prices. Two years ago corn followed suit. Last fall it was potatoes. Now it is wheat. There is some very real distress among growers in the western part of the Wheat Belt. However, the experience of three years demonstrates that surpluses do not last for ever. The talk among winter wheat growers is for something like a 15% reduction in acreage now about to be sown. Wheat has been having a great

deal of attention from the public, nevertheless it does not dominate the agricultural situation as a whole. In general, conditions over the country are apparently somewhat better this season than last. The East, the South, the Corn Belt, the Range Country, and the Pacific Coast all show improvement rather than otherwise, both in position as to debts and outlook for fall income. The southwest has suffered from drought as have local sections in the East. But in the main this is a pretty good crop year.

The harvest is going forward full speed, handicapped by lack of help but mostly favored by good weather. Hay and early grains are now in barn, stack or granary. Corn, cotton and potatoes will be on presently. The feed crops are ample. The late money crops—cotton, potatoes, fruit, etc., promise moderately well, with expectation of fairly good prices. Vegetable and canning crops are heavy.

The course of hog prices in spite of the heavy market receipts indicates that somebody has a helpful appetite for pork. Over 4 1/2 million hogs went to slaughter the last fiscal year, or about 4 1/2 million above any previous year. Some strengthening of hog prices is normal at this time of year.

Summing up the general situation, it is fair to record improvement outside the Wheat Belt. The wheat situation is not to be over-

looked, however. It is an acute symptom of that general and persistent maladjustment between the returns for labor of country workers and that of urban workers. The purchasing power of farmers is still seriously below par. From that fact springs a broad undercurrent of unrest which is still a factor to be reckoned with.

MURRAYVILLE

A large number of relatives and a few intimate friends, gathered Sunday at the home of Mr. and Mrs. Burt Millard to help celebrate the birthdays of Mrs. Millard and their son-in-law, Floyd Smith. MATRIMONY

Harvey-Harney

The marriage of Russell Harvey and Miss Amy Harney occurred at the parsonage of the State Street Presbyterian church Sunday morning at 9 o'clock, the Reverend W. H. Marbach officiating. The young couple were attended by Mr. and Mrs. Harland Redshaw.

The bride is a resident of the Woodson neighborhood and is a very popular young lady in her home community.

The groom was formerly a resident of Merritt where until recently he successfully conducted the Merritt band. He now has a position as musical instructor in the Centralia public schools at which place the newly wedded couple will make their future home.

Their many friends in this vicinity will join in wishing them a very happy wedded life.

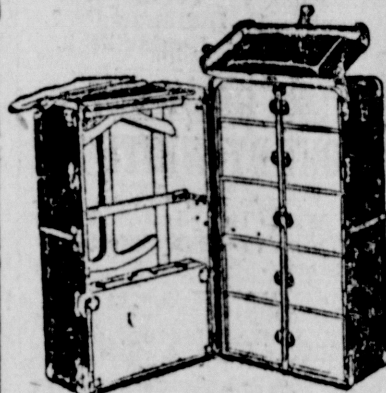

Brimmer-Sheppard

The marriage of Miss Iva Sheppard of this city and Clarence E. Brimmer of Tucson, Ariz., took place at 2 o'clock Monday afternoon, Rev. M. L. Pontius performing the ceremony at the parsonage of Central Christian church. The young people were unattended.

The bride's gown was of sand colored tulle and she wore a large picture hat to match. Her bouquet was of bride's roses.

The bride is a daughter of Mr. and Mrs. Herman Sheppard of West Greenwood avenue and is well known in this city. She graduated from the local high school four years ago and subsequently was employed as stenographer in the F. J. Waddell & Co. store. For the past year she has held a position in Tucson, Ariz.

The groom is a native of Pennsylvania but for the past 14 years has resided in Tucson. He is a graduate of the University of Arizona and is now serving as chief clerk to the general fore-

NEW YORK, Sept. 24.—Irregular price movement in today's stock market continued to reflect the play of opposing speculative forces. The opening was strong in response to cable reports forecasting Germany's decision to capitulate to France in the matter of reparations.

Considerable short covering took place in the initial dealings but when the bears discovered that there was little disposition on the part of operators on the long side of the market to press their advantage, they began to offer the speculative leaders freely and the whole list sagged again.

The market turned upward in the early afternoon with good buying noted in the low priced oils and a resumption of bullish operations in stocks in which favorable dividends developments are reported to be pending. No gains largely exceeded net losses at the close.

The continental allied exchanges made the quickest and strongest response to the better tone of the foreign news.

The failure of the sharper rally in the stock prices on foreign developments was attributed to in many quarters to the general uncertainty concerning the future trend of domestic business.

Commission houses generally had advised against the indiscriminate purchase of stocks while several have cautioned their customers to stay out of the market pending more developments of the ultimate trend which probably explains the apparently lack of public interest.

Studebaker was the target of bear pressure being forced down to 87 3/4, snapping back later to 100 3/8, off 5-8. United States Steel Common ranged between 85 5/8 and 85 1/8, closing unchanged at 87 3/4; rails showed few changes on day.

Call money opened at 4 1/4 per cent, but advanced to 5 1/4 before the close. The time money market was quiet with brokers bidding 5 1/4 for all dates and bankers asking 5 1/4.

Active U. S. Government bonds were quiet with prices practically unchanged.

NEW HIGH PRICES SCORED ON CORN

CHICAGO, Sept. 24.—Corn today scored new high price records for the season and brought about fresh upturns in the value of wheat. Assertions that the stock of old corn is the smallest ever known and that the movement of new corn would be extremely small for some time had a decided bullish effect. Wheat closed strong, 7-8c to 1-3-4c net higher, with December \$1.04 3/8 to \$1.04 1-2 and May \$1.09 3/4 to \$1.09 7-8. Corn finished 1-2c to 1-3-4c up, oats at 3-8c to 3-4c advance, and provisions unchanged to 12c down.

Almost as soon as the market was open, September delivery of corn jumped above 87c for the first time this season, and before the day was ended May delivery had also attained a new top figure. Scarcity of immediate supplies of corn continued to be acute and this circumstance was emphasized by further reports of frost damage done to the new corn crop. Under such circumstances offerings of wheat were light and the wheat market reflected the upward swing of corn values. The fact that hedging sales of wheat at Winnipeg were small in proportion to the large receipts there was also a bullish influence and so too was gossip about likelihood of an increased tariff on wheat imported into the United States.

Highest prices of the day were current both for wheat and corn in the final trading.

Previous sellers of corn found themselves in a pinch, and made haste to extricate themselves, but in doing so were forced to bid prices up. At the finish, Number Two yellow corn available for immediate delivery commanded 90 cents a bushel, 1-5-8c over September. Dealings in corn showed more volume than has been the rule of late and oats too displayed more activity.

Lower quotations on hogs eased the provision market.

THE BUTTER MARKET CONTINUING WEEK

CHICAGO, Sept. 24.—The butter market here continued weak and unsettled with trading very light and stocks fairly liberal. Some of the dealers ventured the opinion that the market was near bottom but none were convinced that bottom had actually been reached and the majority with free sellers at the below quoted prices. Buyers had no difficulty in supplying their needs in some places at concessions.

Aside of some inquiry for undergrades and cars of 89 centralized, the latter around 42 cents, the market was very dull.
Fresh butter: 92 score, 44c; 91 score, 43 1/2c; 90 score, 42 1/2c; 89 score, 41 1/2c; 88 score, 40c; 87 score, 40c; 86 score, 39 1/2c.
Centralized car lots: 89 score, 44c; 89 score, 42 1/2c.

CONSIDERABLE WHEAT WORKED FOR EUROPE

CHICAGO, Sept. 24.—Cash wheat was in good demand today with prices unchanged at the close. Premiums and discounts were firm. Shipping sales here were 5,000 bushels. There were sales of 200,000 bushels to go to store, and New York reported 225,000 bushels wheat worked for Europe. Corn was in good demand, and prices were better. Premiums closed easier. Shipping sales here were 70,000 bushels.
Oats closed unchanged both in price and premiums. Cash sales here were 35,000 bushels.
Cars inspected: Wheat, 143; Corn, 142; Oats, 133.

GIANTS LEAD NOW REDUCED TO THREE

CINCINNATI, O., Sept. 24.—Cincinnati remained strongly in the fight for the National League pennant by winning the first of their final series with New York today, 6 to 3. Donohue allowed nine hits and walked five batters but was strong in the pinches and was favored by two lucky double plays on hard line drives in the early innings. Fowler, a recruit shortstop won the game in the seventh inning with a home run, driving in Roush, who had singled and Hargrave, who had been purposely passed. The Reds clinched it in the next inning off Jonnard, scoring two more runs on a pass, a double by Roush and a single by Duncan. The Giants started a rally in the ninth when Groh led off with a single and Frisch tripled, but Donohue got the next three men in order.

The lead of the Giants was reduced to three games. They have won 92 and lost 55, while the Reds have won 90 and lost 59. The Giants have six more games to play and the Reds five, including the final contest between the two contending teams tomorrow. Today's victory gave the Reds the season's series with the Giants which now stands 12 games to 9 in their favor.

Score:
New York .000 000 102—3 9 2
Cincinnati .000 010 32x—6 8 3

U. OF C. FOOTBALL TEAM HARD AT WORK

CHICAGO, Sept. 24.—With the second team using the formations and plays he expects the Michigan Agricultural College eleven to use here Saturday, Coach A. A. Stagg put the University of Chicago football team thru a stiff scrimmage today.

The Maroon eleven is handicapped by two weeks less practice than the Wolverines as well as the fact that King, star center for the last two years, is temporarily ineligible and that no one has been found to fill the hole at quarterback satisfactorily.

CARDS LOSE SECOND DOUBLE IN TWO DAYS

Boston Took Two Sunday and Brooklyn Two Monday—Monday Scores 8 to 2 and 7 to 3

ST. LOUIS, Sept. 24.—Brooklyn took the twin bill from St. Louis today winning the first contest 8 to 2 and the second 7 to 3. It was the second double header the Cardinals dropped in two days, Boston taking two games from them yesterday. The score:

BURRUS TOO MUCH FOR FARMERS

Arenzville won an easy victory from "The Independent Farmers" at Arenzville Sunday by a score of 12 to 3. The Farmers were wild with their pegs, Palasky on first was in the air and every place catching them at first. Arenzville started their scoring in the first inning when S. Coultas made a wild peg to home plate trying to cut off a runner.

In the last three innings the Farmers played good ball, their first run coming in the seventh inning when J. Heaton slammed out a drive for three bases and scoring on S. Coultas' sacrifice. Arenzville played with one error while their opponents were chalking up seven. Both pitchers worked in good form, Burrus having the advantage in strikeouts.

This makes a game for each team. The rubber will probably be played October 7th. The batteries: Arenzville—Burrus and Zulah. Farmers—Walters and Heaton.

REDUCE YOUR FAT WITHOUT DIETING

Years ago the formula for fat reduction was "diet"—"exercise." Today it is "Take Marmola Prescription Tablets." Friends tell friends—these friends tell others. They eat substantial food, live as they like and still reduce steadily and easily without going through long sieges of tiresome exercise, starvation diet, and absurd greases and salves. Marmola Prescription Tablets are sold by all druggists the world over at one dollar for a case, or if you prefer you can order direct from the Marmola Co., 4612 Woodward avenue, Detroit, Mich.

URBANA STADIUM OPENS SATURDAY

URBANA, Ill., Sept. 24.—Scrimmage and plenty of it was the order of the day on Illinois field today. Grange was again the most spectacular of the backs used, repeatedly eluding tacklers on short end runs. Jenks, a doughty little 140 pounder, also did well, picking holes in the line for steady gains.

INDEES SHOW SPEED IN SUNDAY'S GAME

Defeated Murrayville Merchants
by Score of 7 to 2—One of
the Best Contests of the Sea-
sonIt was prophesied before the
Sunday game between the Indies
and the Murrayville Merchants
that the locals would have to
step on the gas if they wished
to even up the series and they
did that same little thing and
did a complete job of it, by win-
ning 7 to 2.Fryman was hardly up to
standard in Sunday's game, and
the visitors were without the
services of Bauman and Stoecker,
while Ira Fanning was right and
more than that every man on
the Indies team was ditto, only
two bobbles being charged
against them while Murrayville
had five to their credit. Carter
of Thayer held down first sack
and Wilson of Virden served at
Kolhoff's old station at second
and with Henry Boyd on short
and "Hap" DeFrates on the hot
corner, Fanning had a million
dollars behind him. In base run-
ning the home boys were on their
toes every minute, two home
steals being slipped by Murray-
ville by margins so close that
there was a question as to the
ruling of the ump in both cases.Those who remained away
from the game missed what was
considered by all present as the
best game of the season. It was
surely a treat for the eyesight to
see the Indies wade into Howard
Fryman for a total of 11 blows,
while the best Murrayville could
do with Ira Fanning was to con-
nect with five of his offerings.After the first inning in which
the Merchants scored both their
runs only one man reached third
base, Fryman being the one to
have that honor. The crowd was
fairly large but not as large as
should have greeted the class of
sport presented.Murrayville. AB. R. H. P. O. A. E.

UTAH GOLD CHAMPSALT LAKE CITY, Sept. 24—
Jack Dempsey, world's heavy-
weight boxing champion, has
nothing but praise for the way
George "Gix" Von Elm, national-
ly known Utah golfer performs
on the links. Yesterday at the
municipal course Dempsey and
Von Elm played with Ruel Hal-
loran of Salt Lake and Robert
Edgren, sports writer. No scores
were kept."Gee whizz, young fellow you
can certainly paste that golf ball"
was Dempsey's comment on one
of Von Elm's long drives. Demp-
sey will remain in Salt Lake sev-
eral days longer before proceed-
ing to the Pacific coast. He
reached here Saturday from New
York for a visit with his parents
and to rest after his battle with
Luis Angel Firpo.
